EPA Announces A Proposal To Rollback Obama-Era CAFE Standards. "EPA Administrator Scott Pruitt announced today that his agency was rolling back Obama-era fuel efficiency and emissions standards for automobiles, calling the move another step in President Trump's 'regulatory agenda.' 'Those standards are inappropriate and should be revised,' Pruitt said at the EPA. The change in policy relaxes fuel efficiency and emissions standards for vehicles manufactured between 2022 and 2025. Pruitt did not outline any new standards, saying they are still under evaluation." ([ABC News](#), 4/3/18)

EPA Moves To Repeal Obama's Clean Power Plan Coal Regs. "EPA Administrator Scott Pruitt announced Monday that the Trump administration is moving to scrap the Clean Power Plan, the Obama administration's signature regulatory program to curb emissions from coal-fired power plants. Pruitt made the announcement at an event in Hazard, Ky., casting the previous policy as unfair. 'That rule really was about picking winners and losers,' Pruitt said." ([Fox News](#), 10/09/17)

Pruitt Moves To Shake Up EPA Advisory Boards By Removing Conflict Of Interest. "Scientists who receive grants from the Environmental Protection Agency will no longer be allowed to simultaneously serve on the agency's nearly two dozen advisory boards, an unprecedented directive EPA Administrator Scott Pruitt said would increase the scientific integrity behind its rule-making."
